Smart Infrared Sensor Soap Dispenser Thermometer

Suieworld is a collection of R&D,design, production, sales, service as one of the comprehensive enterprises. Smart Infrared Sensor Soap Dispenser Thermometer Made in China has exclusive appearance patent and is deeply loved by customers.

Product Description

Smart Infrared Sensor Soap Dispenser Thermometer Manufacturers and Factory with Cheap Price Made in China

With our outstanding administration, powerful technical capability and strict top quality handle procedure, we go on to provide our purchasers with reliable good quality, reasonable selling prices and excellent services. We goal at becoming certainly one of your most responsible partners and earning your gratification for Factory Cheap Hot China Smart Infrared Sensor Soap Dispenser Thermometer, We have ISO 9001 Certification and qualified this product or service .in excess of 16 years experiences in manufacturing and designing, so our goods featured with very best high-quality and aggressive rate. Welcome cooperation with us!

Factory Cheap Hot China Smart Infrared Sensor Soap Dispenser Thermometer, Now we have developed large markets in many countries, such as Europe and the United States, Eastern Europe and Eastern Asia. Meanwhile with the powerful predominance in persons with ability, strict production management and business concept.we constantly carry on self-innovation, technological innovation, managing innovation and business concept innovation. To follow the world markets fashion, new products and solutions are kept on researching and providing to guarantee our competitive advantage in styles, quality, price and service.

Product Introduction

The display screen of our temperature measuring sterilizer adopts the scheme of black background and white characters, with wide Angle of view and clear display screen from all angles, thus avoiding the influence of outdoor sunlight and making its application scope not subject to too many restrictions.

Product Parameter

Model No.	K1
Dispenser	Spray/ Gel
Main Function	Measure Body Temperature / Humidity / Hand Sanitizer Dispenser
Display	LCD Display +LED Indicator Light
Liquid Volume	1000ML
Power Supply Mode	Micro-USB 5V1A / 4×battery
Multinational Voice Broadcast	Chinese, English, Korean, Japanese, Russian, Arabic
Temperature Measurement Range	0℃-50℃
Temperature Measurement Accuracy	±0.2℃
Working Temperature	10℃-40℃(Recommend15℃-35℃)
Product Size	146mm×204mm×265mm
Packing Size	365mm×270mm×185mm
Net Weight	0.8KG
Gross Weight	1.68KG
Certification	CE, FCC, Rohs
Packing List	Dispensor×1 Wall-mount Screw×3 Rubber Plug×3 USB Cable×1 User Manual×1

Product Detail

Light sensor, accurate measurement, fast and efficient, and strong adaptability

Two kinds of dispenser

Various models for your choise

A variety of styles for you to choose from

Spray

Gel

Product Feature and Application

Align the palm with the temperature probe and the liquid outlet respectively, detect the temperature and automatically eject the liquid for disinfection.

Improve safety under corona virus situation

Suitable for all kinds of industry application

hospital

factory

office

community

school

bus

Variety of modes usage

suitable for multiple occasion

wall-mounting

floor-standing

Product Qualification

We gained CE, FCC, RoHS certificate for Smart Infrared Sensor Soap Dispenser Thermometer.

Package and Delivery

We have customized carton package for the Smart Infrared Sensor Soap Dispenser Thermometer to ensure the safety in transportation.

FAQ

Q: Is it battery operated? Or Electric?

A: They are 4 pcs V batteries operated, also can work with Type C cable.

Q: What's your payment terms ?
